Dear Comrade:

All praise to you for advancing the communist/socialist agenda of the large unions, in your recent INTERFERENCE with the legislative process in the Senate of Wisconsin. Your mandated constitutional duty is to judge matters of law, not the internal workings of the Wisconsin Senate.

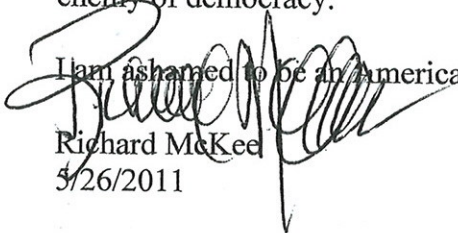

I am shocked and dismayed that you are interfering in the lawful conduct of legislative business by the duly elected officials of the Senate. You are nothing but a spoiled brat judge, who does not agree with the "will of the people," and are imposing the will of the communist/socialist minority on the will of the majority.

In light of your obvious sympathy for Marxism, I have enclosed the address of the Communist Party United States of America, so you may join and declare your support of Marxist/Leninist ideas, revolutions, concentration camps, and genocide of all those who disagree with you left wing stupidity.

You should be impeached. Your alliance with large labor thugs and bullies is treasonous. Your salary should be confiscated, your pension cancelled, and you should be jailed as an enemy of democracy.

I am ashamed to be an American.
